About Us

A privately owned manufacturer and importer corporation based in LOS Angeles County, California with manufacturing plants in Asia. Certified MBE by the Southern California Minority Business Council.

A supplier of a broad range of products to the U.S. market under our own labels as well as OEM production ***since 1993***. Differentiating factors - un paralleled client service, well-planned logistics, attractive packaging, and competitive prices

Our Vision

GAiC will be the vanguard of zero-waste future with our line of eco-friendly, reusable and compostable products

Our strategic objective is to advance our position as a leader in sustainability and Zero Waste, through a reimagined approach to foodservice packaging. While we know that we can only control some impacts and simply influence others, we won't stop demonstrating sustainable business practices and helping others to do the same.
